Schüco InClose

Nella personalizzazione dello stile della propria casa, la porta d'ingresso gioca un ruolo cruciale. È il biglietto da visita dell'abitazione, accoglie gli ospiti e deve essere in armonia con il resto della facciata. Coordinare il design di tutti i serramenti, comprese porte e portoncini, comunica un senso di grande eleganza e ordine.

Pannelli personalizzabili per porte esterne

DETTAGLI DI STILE NON SOLO PER FINESTRE

Per rendere davvero unico l'ingresso della vostra abitazione da oggi c'è una soluzione che ne migliora l'estetica e la resistenza: i pannelli in fibra di legno Schüco InClose, che si possono utilizzare anche per riportare

a nuova luce un portoncino durante una ristrutturazione. Schüco realizza pannelli in fibra di legno su misura e su disegno per porte, portoncini, porte blindate, con o senza inserti.

Schüco PWS Italia, il partner solido e innovativo di chi ama il design.

Dal 2011 Schüco PWS Italia è sinonimo di dinamismo, organizzazione e assistenza grazie a una sede logistica moderna e affidabile e al supporto di personale altamente qualificato.

Il PVC di Schüco è presente in Italia dal 2011 con la giovane e dinamica divisione Schüco PWS Italia S.r.l. Il quartier generale dell'azienda ha sede a Paliano (FR) e si estende su una superficie di 18.000 metri quadrati, di cui 1.300 occupati dagli impianti di rivestimento interni, 840 adibiti a uffici e 150 destinati all'area formazione. Una sede logistica moderna e affidabile, dove lavora personale altamente qualificato, in grado di rispondere prontamente a tutte le esigenze del cliente.

Vision aziendale

La vision aziendale di Schüco PWS Italia è incentrata sull'eccellenza: l'obiettivo è raggiungere e mantenere la leadership all'interno del mercato italiano del PVC, diventando il principale punto di riferimento per privati, serramentisti e professionisti del settore. Schüco PWS Italia punta

all'innovazione, per poter garantire ai clienti sistemi originali, altamente efficienti ed eco-friendly. Non un buon prodotto: il migliore, sinonimo di qualità e affidabilità. L'azienda è in costante crescita, combinando l'esperienza e la forza del brand Schüco con la piena comprensione delle necessità dei consumatori, per soddisfare al meglio i loro bisogni e desideri, costruendo soluzioni su misura. Il modello aziendale di Schüco PWS Italia, basato sulla green economy, può fare la differenza: si concretizza nella promozione di un'architettura sostenibile, nel tentativo di ridurre l'impatto ambientale e migliorare quello sociale.
